

DIVEHEART

Diveheart Experience Log

A Diveheart Experience is defined as working as a member of a Diveheart Adaptive Dive Team to take an adaptive diver underwater. The individual can function in any buddy position during the dive experience. In order to complete the required thirty (30) dive experiences to meet Diveheart’s thresholds for upgrading from an Adaptive Dive Buddy to an Advanced Adaptive Dive Buddy or Adaptive Scuba Instructor, a minimum of fifteen (15) Diveheart experiences must occur in open water locations.

Your Name: _____
